Jeon, Hyejin, and Jina Lee. "Framing the Victim: Understanding the Portrayal of Sex-Based Crimes in South Korean News." American Sociological Association Annual Meeting, Media Section, 2023.

Jeon, Hyejin, and Minyoung Ahn. “From Survival to Lifestyle: Examining How Having Multiple Jobs Reshapes Income Distributions Across Socioeconomic Levels.” Population Association of America Annual Meeting, Earnings Inequality, Jobs, and Unions Section, 2025.

TEACHING EXPERIENCE

2025 (Summer) **Instructor**
- Sociology 201: Introductory Statistics for Sociology
- Sociology 202: Introduction to Research Methods in Sociology

2024 (Summer) **Instructor**
- Sociology 201: Introductory Statistics for Sociology

2023 (Fall) **Teaching Assistant**
- Sociology 100: Introduction to Sociology

2022 (Spring) **Teaching Assistant**
- Sociology 224: Why Are We Still Talking About Race

2021 (Spring, Fall) **Teaching Assistant**
- Sociology 230: Sociological Social Psychology (Spring)
- Sociology 203: Sociological Theory (Fall)

RESEARCH EXPERIENCE

May 2025–Present **University of Maryland, Department of Sociology, Maryland, USA**
Research Assistant for Dr. Long Doan
Project: “Public Attitudes toward State and Corporate Privacy Invasions”
- Analyzed open-ended survey responses on privacy using topic modeling to identify key themes and understand how participants perceive privacy.
- Designed a coding scheme for privacy concerns and applied a large language model (LLM) to classify open-ended responses into concern categories across two survey waves.

May 2024–Aug 2024 **Maryland Department of Health, Maryland, USA**
Internship, CHPHS, Program Compliance Unit
Project: “Quality Improvement and Data Aggregation Project”
- Developed and implemented a centralized data platform to consolidate quarterly budget expenditure reports from local HIV service offices throughout Maryland.
- Automated the data collection process using a Smartsheet form submission workflow, replacing a multi-step, email-based correspondence process and reducing manual errors.

Aug 2022–May 2023 **University of Maryland, Department of Sociology, Maryland, USA**
Research Assistant for Dr. Julia Chuang
Project: “Brokered Passport”
- Attended expos in Seoul and Vietnam to network with potential research subjects (EB-5 immigration brokers), establish rapport, and recruit participants.
- Organized the in-depth interview schedule and conducted in-depth interviews.
- Managed the data repository for files and project field notes.
- Reviewed interview transcriptions to identify broader themes for defining qualitative codes (NVivo).

May 2020–Aug 2020 **University of Maryland, Department of Sociology, Maryland, USA**
Research Assistant for Dr. Reeve Vanneman
Project: “Text Mining to Analyze Cultural Changes about Motherhood”
- Modified the existing gendered name dictionary to estimate gender for Korean names

using the Python package ‘gender_guesser.’
- Preprocessed test data: Korean movie plots translated into English.

Jan 2018–Jun 2018 **Korea Local Information Research & Development Institute, Seoul, Korea**
Visiting Researcher
Project: “Information Network Village”
- Collected and preprocessed regional information from government agencies to construct a dataset on village infrastructure, internet accessibility, educational facilities, and other essential services.
- Calculated informatization level scores (based on an existing calculation model) for South Korean rural areas using village-level information.

May 2016–Jun 2017 **KWDI, Korean Women’s Development Institute, Seoul, Korea**
Visiting Researcher
Research Project on Child Abuse Prevention Campaign
- Supported initiatives aimed at preventing child abuse and raising awareness of the issue.
- Conducted literature reviews and data analysis to develop recommendations for improving child welfare policies and practices.

Research Project on Women’s Lifecycle Safety Policy
- Planned, organized, and facilitated focus groups to gather input from participants.
- Recorded and transcribed focus group discussions, and analyzed the data.

QUANTITATIVE SKILLS

Analytic Software: STATA, R, Python, SQL

Other Analytic Tools: Smartsheet, Tableau, Power BI

QUALITATIVE SKILLS

Analytic Skills: In-depth Interviews, Focus Groups, Content Analysis, Digital Grounded Theory

Analytic Software: NVivo, Atlas.ti

TRAINING

Aug 2019 ICPSR Summer Program in Quantitative Methods of Social Research, Ann Arbor, Michigan
- Network Analysis
- Machine Learning: Applications and Opportunities in the Social Sciences

SERVICE TO THE PROFESSION

Graduate Mentor, Scientists for Public Research (SPR), University of Maryland, Aug 2026–present

Student Representative, Association of Korean Sociologists in America (AKSA), Aug 2023–Aug 2024

Co-President, Graduate Student Forum, University of Maryland, Aug 2019–May 2020

Member, American Sociological Association (ASA); Population Association of America (PAA); District of Columbia Sociological Society (DCSS)
